Flight Attendant Drug Use Screening Designed for Flight Attendants

Take the six question drug use screening tool designed just for Flight Attendants. Routinely evaluate your drug use just as you would other health issues.

Should you answer yes to two or more of the below questions, it means that your use may have moved into risky use.

Please follow up with your Flight Attendant peer with the Flight Attendant Drug and Alcohol Program (FADAP). Your conversations are confidential.

1. I have not shown up for a trip because of my use of a drug or medication one or more times in the past 12 months.
2. I have used a flying partner's prescription medication one or more times in the past 12 months.
3. I have shared my prescription medication with a flying partner one or more times in the past 12 months.
4. I have used a prescription pain medication while performing my flight duties one or more times in the past 12 months.

5. I have bid my flying schedule to avoid a drug test one or more times in the past 12 months.
6. I have bid my flying to have access to a drug or medication one or more times in the past 12 months.
