

Hotel Update!

REDDING - New Destination / New Hotel

As you may know, we are going to be overnighing in Redding (RDD) starting June 15th. This is a very short overnight, as the flight lands at 8pm and the same crew shows at about 6:45am the next morning. So to ensure maximum & comfortable rest for our crews, we picked the Hilton Garden Inn, located at 5050 Bechelli Lane. It had the most food selections close-by (on-site restaurant and Market; Burger King across the parking lot by the gas station; as well as a handful of fast food choices and a grocery store a short distance across the well-lit short overpass) The hotel is set above the Sacramento River surrounded by trees and a park like atmosphere and has the spacious rooms we've come to know at the Hilton properties

IDAHO FALLS - Old Destination / New Hotel

We're Back.....starting June 15th!

A few short years ago, we had overnights in Idaho Falls (IDA) right on the river, near the Falls.

And now we have returned and will be staying at one of their newer hotels, The Hampton Inn Idaho Falls/Airport on 645 Lindsay Blvd, with all the amenities we've come to know with this brand name. We are within a short walking distance of Walmart and a handful of restaurants such as AppleBees, Chilis, Snow Eagle Brewing & Grill, Smitty's Pancake & Steak Restaurant.....just to name a few. Enjoy a stroll along the Falls for some fresh air.

Santa Barbara - Time to say goodbye!

Yes, it's true. Our seasonal flying to Santa Barbara has come to an end as of today! While we're sad to say goodbye, we look forward to returning again next year!

Chicago! Chicago!

Look out Windy City.....here we come! Stay tuned for more information on where and when we'll be staying!
